

Remarks

Claims 1-34 are pending in the application and have been made subject to a restriction requirement. The Office Action asserts that the claims are divided into four patentably distinct species represented by Fig. 2, Fig. 3, Fig. 4, and Figs. 5-10, respectively. The Office Action further requires the applicants to identify the claims corresponding to the aforementioned figures. However, the applicants respectfully point out that all of the pending claims may fairly read upon each of Figs. 2-10.

Notwithstanding this fact, the applicants have elected, with traverse, to prosecute claims 2-6, which most clearly correspond to Fig. 3. Furthermore, the applicants have amended claim 1 to include the limitations of elected claim 2, which has been canceled, along with non-elected claims 7-34. In addition, claims 35-44 have been added to recite identical limitations in both apparatus and *Beauregard* format.

Early allowance of all pending claims herein is respectfully requested.

Respectfully submitted,

Digeo, Inc.
